SPRING REPLACEMENT KIT FOR LOAD PUSH/PULL

For Models: P5B, P5S, P7B, and P7S

A spring replacement service kit is now available for Cascade Load Push/Pull models P5 and P7 that have been experiencing short service life of the spring shown in Figure 1 below. The kit provides all the necessary hardware and instructions to make the change. The complete installation of the kit will take approximately 2-1/2 hours.

Required tools for installation are a Drill (.257" Diameter), a Tap (.3125-18 UNC), and a cutting torch.

Kit Part Numbers are: Model P5 - C-666487
Model P7 - C-667060

The kit can be ordered by contacting: Cascade Corporation, Parts Depot
P.O. Box 360, Springfield, Ohio 455
Telephone: (513)325-9271
Telex: 205413
