

Leading the world in quality material handling products for lift trucks.

Quality and Commitment

Cascade is the world leader in the design and manufacture of material handling equipment for lift trucks. Our attachments and forks help a truck lift, sideload, rotate, tilt, and clamp appliances, paper rolls, textiles, lumber and other products.

In business for more than 70 years, Cascade touches virtually every lift truck dealer and OEM in the world. Chances are, Cascade products have handled almost every item in your home at some point in the supply chain, from the gallon of milk in your fridge to the insulation in your walls.

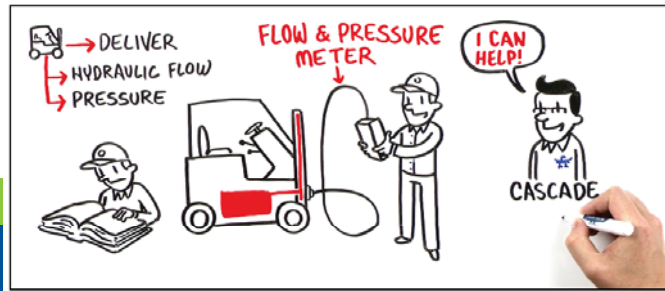

The Cascade Story

Benefits of Partnership

The relationship between the lift truck and attachment is much like a healthy marriage. Working together is necessary in order to run smoothly and efficiently.

INNOVATIVE SOLUTIONS

We only sell through factory authorized Dealers and OEMs to provide **innovative solutions** end users can count on, **minimizing downtime and maintenance hassles while maximizing productivity.**

By focusing on what works best for each customer's needs, we are able to apply our unique combination of manufacturing concepts to achieve **high levels of productivity and quality** dominating the market in speed, cost management and customer service.

EXPERT DESIGN

The expertise and skill of our robust engineering team combined with the most cutting-edge design tools available enables us to design more custom attachments than anyone in the industry in order to provide the most effective solution for practically any application.

Survey Says . . .

In its first annual independent survey on industrial lift truck attachments*, Cascade Corporation ranked highest in all six categories among end-users, dealers and distributors.

**Survey conducted by Peerless Research Group (2015)*

- ✓ SAFETY
- ✓ QUALITY
- ✓ RELIABILITY
- ✓ PERFORMANCE
- ✓ SUPPORT
- ✓ LEAD TIME

Three-Year Warranty

Confident in our materials, manufacturing, and product design, we've raised the bar with our PERFORMANCE™ Three-Year Warranty program.

PREMIUM ATTACHMENTS MADE ONLY WITH THE BEST MATERIALS

We stand behind all of our products and manufacturing processes, so you know you're getting the best.

BUILT FOR LIFE... WARRANTED FOR TWO YEARS

Rest assured, our products are designed and manufactured to stand the test of time.

HIGHER STANDARDS... LOWER TOTAL COST OF OWNERSHIP

The finest in workmanship and service equals the greatest value for our customers.

GENUINE CASCADE PARTS

Covered by the same three-year warranty as our attachments. Every Cascade genuine part is manufactured to the same rigid specifications and strict quality standards as the original part that came with your attachment, ensuring that they will not only fit properly, but will continue to perform with reliability in demanding applications.

UNSURPASSED VALUE

Performance+ Guaranteed Buyback Program

Cascade products are built to last. However, when yours is finally ready to retire, we guarantee that your Cascade attachments will hold their value. With Cascade's hassle-free Buyback Program, we'll buy back your Cascade attachment, guaranteeing a buyback value and a lower total cost of ownership.

**When you want the best value,
service and products...
Choose Cascade.**

VALUE YOU CAN COUNT ON.

YOU CAN COUNT ON

Affordable Solutions

SHORT-TERM/LONG-TERM RENTALS

Cascade rental solutions are ideal for seasonal business fluctuations or to avoid tying up capital in purchasing the attachment.*

RENT-TO-OWN

Rent-to-own may be the perfect option for those who want to test the equipment in a specific application before making a purchase commitment while still building equity during the rental period.

With a dedicated fleet of Cascade products in stock, we can support for whatever length of time the attachment is needed. Our fleet is well-maintained and regularly updated with the newest equipment so you only get the best and most current attachments.

**Attachments rented to Cascade dealer network only. Customized options available with long-term rental contracts.*

Short-Term & Long-Term Rentals

Take Cascade for a Second Spin

SAVE MONEY WITHOUT SACRIFICING VALUE...

INVEST IN PREMIUM CASCADE CERTIFIED REMANUFACTURED ATTACHMENTS.

The Cascade Remanufacturing Process is the most rigorous in the industry, every Remanufactured unit undergoes extensive testing to ensure it's been returned to the original factory specifications. Thoroughly restored to the original condition, every unit is backed by our one year warranty and shipped with detailed installation instructions.

Cascade Reman guarantees buybacks of up to 30% of list price for most standard items in cases where the leasing company will not place a residual on the attachment (excluding Sideshifters, Hose Reels and accessories).

Remanufactured Attachments

The Value of Pre-Owned

**WITH CASCADE FACTORY CERTIFIED USED ATTACHMENTS,
YOU ARE ASSURED CASCADE QUALITY AT A PRICE YOU CAN AFFORD.**

- All units are serviced/repaired using only genuine Cascade parts.
- Cylinder seals and wearable bearings are replaced to meet Cascade specifications.
- Every unit is inspected, tested and painted prior to delivery.
- All units are backed by our six-month warranty.
- A large selection of attachments is available for use in a wide variety of industries.
- Call for availability and details 800-380-2272.
