REPLACEABLE PALLET PADS

Cascade Talon Pads

Replaceable, Segmented Pallet Wear Pads

Cascade's easily replaceable pallet pads provide secure handling and reduced maintenance when using a carton clamp in pallet applications.

LESS MAINTENANCE

Durable rubber faced aluminum upper pads.

MORE RUNTIME

Flexibility to rotate or reposition pad segments to get full life.

SECURE LOAD HANDLING

Large, harder rubber faced pad segments offer a secure grip on the load.

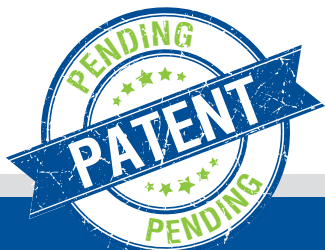

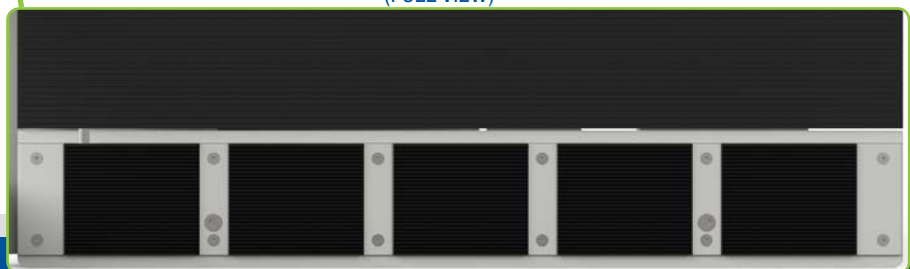

EASILY REPLACEABLE

Segmented pad sections can be individually replaced by removing just one retainer bar.

LONGER LIFE

High strength steel lower frame and retainer bars for greater durability.
